

WHAT IS MAN?

Oh! what is man? Creation's wonder;
An angel half, and half a brute;
A crown can tear his heart asunder;
A tear can make his passions mute.

Vice, Virtue, both were his devotion;
Now bound in chains—now set at large;
The king of earth, the king of ocean;
Yet ruled by passion every hour.

From him bloom pleasure's every flower;
But oh! too soon their beauty dies;
A thousand cares and pains o'erpower,
And then he ripens, droops, and dies.

To-day his fertile thoughts develop
What mortal eye had ne'er surveyed;
To-morrow earth's dust and wrappings
And humble him whom dust had made.

TRY, TRY AGAIN.

'Tis a lesson you should heed,
Try, try again;
If at first you don't succeed,
Try, try again;
Then your courage should appear,
For, if you will persevere,
You will conquer, never fear,
Try, try again.

Once, or twice, though you should fail,
Try, try again;
If you would at last prevail,
Try, try again.

If we strive, 'tis no disgrace,
Though we may not win the race;
What should you do in the case?
Try, try again.

If you find your task is hard,
Try, try again;
Time will bring you your reward,
Try, try again;

All that other folks can do,
Why, with patience, should not you?
Only keep this rule in view,
TRY, TRY AGAIN.

PROVERBS.

The hardest trial of the heart is whether it can bear a rival's failure without triumph.

The test of enjoyment is the remembrance which it leaves behind.

The attachment of a mother, no change of fortune, no loss of influence, not even the loss of character can destroy.

The vanity of human life is like a river, constantly passing away, and yet constantly coming on.

Solitude damps thought and wit: too much company dissipates, and hinders it from fixing.

A great fortune runs great risks; a moderate one is secure.

Many who seem wretched are happy; but many are unhappy in the midst of riches.

There is a paradox in pride—it makes some more ridiculous, but prevents others from becoming so.

To oppose opinions universally received, is to incur the imputation of vanity, ignorance, and want of taste.

Reproofs, to be efficacious, should be mild, gentle and unrepining.

A REMEDY FOR RHEUMATISM!

THE excruciating pain—the decrepitude and deformity, and the premature old age, which are the usual attendants of this disorder, are suffered by many from a despair of a cure, or disappointment in the efficacy of the numerous pretended antidotes used to effect this purpose. But those who have made a fair trial of
DR. JEBB'S CELEBRATED LINIMENT,
even in cases of long standing, and of the most severe character, have received certain relief, and many have been cured in a few days, some in 24 hours! as a number of persons in Boston and vicinity, who were formerly afflicted with the Rheumatism, have very fully testified. Certificates are in the possession of the Proprietor, proving the most thorough and surprising cures by means of this powerful Liniment, in cases where other approved applications had utterly failed. The Liniment is also used with success for bruises, sprains, numbness, stiffness of the joints, chilblains, &c. Price 50 cents a bottle.

DR. RELF'S BOTANICAL DROPS

IS one of the most efficacious compounds in the *Materia Medica*, for the cure of that class of inveterate diseases produced by an impure state of the blood, and a vitiated habit of the body, and usually exhibiting themselves in the form of *Scrophula*, *Sell Rheum*, *Leprosy*, *St. Anthony's Fire*, *Erysipelas*, (even when the humors are affected,) *White Swellings*, (if applied with Dr. Jabb's Liniment,) *Foot and ankle Ulcers*, *Sore Legs* and *Eyes*, *Scaldhead* in children, *Scoury* and *Scorbutic Gout*, *Pimples* or *Carbuncled Faces*, *Festering Eruptions*, and *Federal Taints* throughout the body, in which last case the Drops often cure when *Mercury* fails. They are also the best *Spring* and *Autumnal Physic* to purify and cleanse the system from humors which frequently appear at these seasons of the year. They also aid the process of digestion, and by purifying the blood, prevent the secretion of malignant humors on the lungs. The Proprietor confidently relies upon the vast number of surprising cures effected by these Drops, not only in Boston and its vicinity, but throughout the union, for the best proof of their excellence as an unfailing *Alterative Medicine*, in all the cases above specified.

This article has recently been pronounced by a physician of the first respectability, who had witnessed its surprising efficacy, as entitled, in his opinion to take the lead of all the popular articles known for the above complaints, and indeed it is fast gaining this point in public estimation, throughout the country. Price \$1 a Bottle, or six Bottles for \$5.

MOFFAT'S LIFE MEDICINES—REANIMATION.

When the most important functions of life are suspended, and those who are invalids by inheritance or imprudence are reduced to a deplorable state of nervous debility, they should not even then despair, for it is not in despair that relief can be found. No Let them first look around, and, laying aside all prejudices, ask themselves this question—"If my physician cannot help me, is his reputed skill my only resort?"

Perhaps at that moment the heading of this advertisement, "Moffat's Life Medicines," would catch the eye and were they in truth divested of foolish prejudices, they might perhaps, be induced to inquire whether Mr. Moffat's theory and treatment of diseases differed from that of their own physicians. They would then learn that it did differ, and very widely, and with most happy results, too.

If they pursued their inquiries still further, they would find that all practising physicians of the present day prescribe MERCURY, in some form, for almost every disease, and they would learn, too, that mercurial medicines, though they give present relief, undermine the constitution, and always leave the patient in a precarious state of health.

A GOOD VEGETABLE MEDICINE is just the reverse of all this. For hundreds of years before that scourge of mankind, "Mercury," was employed in the healing art, Physicians used nothing but herbs. Even the bible recommends as the "skillful physician" he who prepares his medicines from herbs. *Wisdom Ecclesiastes, chap. xxxii.*

F. 3. The skilful physician shall lift up his head; and in the sight of the great men he shall be in admiration.

F. 4. For he hath prepared his medicines out of the HERBS of the earth, and he that is wise will not abhor them.

Moffat's Vegetable Life Medicines possess qualities of the most mild and beneficial nature. They are composed of articles the most anti putrescent, combined with ingredients known as the only certain antidote for fevers of every description.—When the disease is produced either from cold, obstruction, bad air, swampy and camp situations, or putrid miasma whether malignant or epidemic, or by other causes, these medicines are certain in their operation or effects. They are possessed of peculiar qualities which not only expel all disease, but at the same time restore and invigorate the system. When first taken into the stomach, they immediately diffuse themselves like vapor through every pore, producing effects at once delightful, salutary and permanent. When the spark of life begins to grow dim, the circulation languid, and the faculties paralyzed, these medicines are found to give a tone to the nerves, exhilarate the animal spirits, invigorate the body, and re-animate the whole man.

THE LIFE MEDICINES have also been used with the most happy success in Nervous and Dyspeptic diseases, Consumption, Asthma, Liver Complaint, Rheumatism, (chronic and inflammatory) Dropsies, &c. &c.

For full particulars, the reader is invited to call at Mr. Moffat's office, 397 Broadway and receive a copy of the Good Samaritan, published gratuitously.

The following letters are lately selected from a very large number which Mr. Moffat has lately received from different parts of the United States.

Mr. Moffat—Dear Sir: It is with sincere pleasure that I venture to address you, to thank you for the benefit I have received from your medicines. My complaint was of salt rheum, for which I have tried nearly all the medicines which were advertised in the newspapers. I, however, received no relief from any of them. Since I was shown your Good Samaritan, which induced me to try your medicine. When I applied to you, my legs and arms were so

bad that they looked like raw beef, and were covered with scabs: but after taking a 25 cent box of your pills, the dead skin began to scale off, and so continued until I was entirely cured. It is now four months since I was cured, and I have had no return of the complaint. I have recommended your medicine to several persons, and advise all afflicted with the salt rheum to try it. Respectfully, your ob't servant,
M. CLEOVER.
13th st., between 5th and Jackson avenues, LAWRENCE, N. Y., May 23.

Mr. Moffat—Dear Sir: I was troubled with the piles for several years. I applied to the most eminent Physician without relief. A friend of mine Mr. Clarke, who had received great relief from them, recommended me to use your Life Pills. Though I was suffering very severely with them at the time, I experienced relief in 48 hours, and in a few weeks was not troubled with them at all and I have been free from distress ever since and have great pleasure in recommending them to those afflicted in a similar manner. Respectfully,
J. E. STEARNS.

New York, April, 1838.

Dr. Moffat—Sir: Since your Life Medicines have been introduced in this neighborhood, they have done wonders. I will merely state a few cases. The wife of my neighbor, Mr. Cornelius S. Roe, who was supposed to be in a decline for the last two years, after taking two bottles of the Phenix Bitters and one box of the Life Pills, says she had her health entirely restored.

Mr. Milo B. Root, my next door neighbor, who was laid up with inflammatory rheumatism, by taking two bottles of the Bitters and one 25 cent box of the Pills, told me he was as well as ever was, and told a gentleman in my store who was afflicted, that as soon as he would take the Pills and Bitters, just so soon he would be a well man.

Also, Mrs. Horda, wife of John Horda, was two years since taken sick, and often had fits, and lost the use of one of her arms. In six weeks after taking your pills and Bitters, she has so far recovered that she has been on a visit to one of her neighbors.

As for myself, I have been in bad health for 27 years, and though I am not now in perfect health, still I am in better than I have been for ten years past, which I believe to be the consequence of taking your Pills and Bitters. The above is a true statement of a few of the many cases which have come under my observation. You are at liberty to publish this letter, and reference can be had to me as Postmaster at Claverack, Columbia Co., N. Y. With respect, J. A. VAN VALKENBURGH.

New York, April 1, 1838.

Mr. W. Moffat—Sir: I have been afflicted with the fever and ague about 3 months, and used a good deal of quinine, which did me no good, but I still grew weaker and weaker until I was recommended to try your Life Pills and Phenix Bitters, and after taking two boxes of pills and two bottles of bitters, I am very thankful to inform you and the public at large, I consider myself completely cured. Yours truly,
JOHN TENNET.

N. Y. Mills, March 29, 1838.

Mr. Moffat—Dear Sir: I have used your medicine in my family for some months, and have received great benefit from it, especially my wife and eldest daughter. My daughter had been in a decline for three years. Since she commenced using your medicine she has entirely recovered and is now well and hearty. If this will be of any service to you, you are at liberty to publish it. Respectfully, yours, &c.
N. BUTLER.

SUMMIT HILL, Jan. 18, 1838.

Dr. Moffat—Dear Sir: I have great pleasure in addressing you, having been troubled for some time back with the rheumatism, and could find nothing to give me any relief, until I had commenced taking your Vegetable Life Pills and Phenix Bitters. In taking the first bottle and one box of pills I found the most excruciating pain that I had long been troubled with, entirely disappeared. Such being the case, it is with gratitude I offer these sentiments, feeling confident that I am indebted to you more than words can express, for your valuable medicine and the speedy cure received from its good effects. Yours, &c.
GEO. BROFTS.

MAVEN CREEK, Jan. 17, 1839.

Mr. Moffat—Sir: I am most happy to send you through your agent, Mr. White, a few lines relative to your excellent Life Medicines. For a length of time I have been complaining of an infection of the liver, and tried much medicine, but found no relief, until I commenced with yours. I have now taken nearly two bottles of your Phenix Bitters, and I am pleased to state that I find myself fast recovering from a long and lingering complaint. Respectfully, yours, &c.
GEO. KISNER.

LOCKPORT, Nov. 27, 1837.

Mr. W. B. Moffat—Dear Sir: As a remarkable instance of the virtue and efficacy of your Life Pills and Phenix Bitters, in restoring lost health to the afflicted, has occurred in my family, I deem it a duty I owe both to myself and the public, to make the fact known, that others suffering under similar circumstances might perchance see this and obtain a remedy in season to preserve them from a premature grave.

My wife has been afflicted with the liver complaint and general debility for upwards of 3 years; and for the last 3 months she has not been able to walk across the room. After trying various medicines prescribed by different physicians, which gave her no relief, she was given up as incurable. In this situation she was gradually failing, when I happened to call upon your agent in this village, and he gave me a copy of the Good Samaritan, the perusing of which induced me to try your medicine, although I had but little hope of her receiving any benefit from it. The effect was surprising. Before she had taken one bottle of bitters and one box of pills, she was so far recovered as to be able to accomplish most of her house-work without assistance. Yours, respectfully, WARREN PATTERSON.

For additional particulars of the above medicine see Moffat's Good Samaritan, a copy of which accompanies the medicine; a copy can also be obtained on application at the drug stores of R. Moody and J. & J. H. Peck & Co., Burlington, Vt.
